To that end, we agree to write a letter requesting that HPBC take this action, and to release a press statement to say that we do not want to see glyphosphates used within our Parish and that we hope that the Borough Council will follow their own policy and stop their sub contractors from spraying them, it has been of particular concern to see operatives who have undertaken risk assessments and are having to wear goggles and filtration masks spraying the verges around the Primary School '
21. Motion from Councillors Dales – to consider Parish Councillor profiles and a Parish Magazine
22. Motion from Councillor Chantler - In comparison to many other villages and Towns, Chapel en Le Frith appears to look both drab, shabby and without colour.
Therefore I want the council to consider addressing this issue in a practical way, in partnership with other businesses and organisations.
23. Motion from Councillor Chantler - With the recent additions to the new council of councillors with a wide and diverse skill base who appear committed to the development and regeneration of the parish.
