**18/321        Police Matters**

The Vice Chairman reported that he had compared the Police crime statistics presented at the last Full Council Meeting with those declared on the national Police website for the same area and there appears to be a discrepancy. Of 9 anti-social behaviour crimes reported locally the figure reported on the national site showed 19 crimes. This has been queried with and the reason given is that when a crime is rung into the Police the call operator classifies the crime and once this has happened it cannot be amended. The reason for the discrepancy was attributed to the incorrect classification being lodged by the call operator.

The Clerk was asked to bring this to the attention of the MP and Police and Crime Commissioner as there needs to be more accurate reporting.

Funding has been granted for Extreme Wheels to come in the Memorial Park and run a series of pilot sessions with young people.
